expo real

International Trade Fair
for Property and Investment

October 7–9, 2019

Building networks

Messe München

Messe München offering free WiFi

Messe München is offering **free** wireless internet access to all EXPO REAL visitors at the trade-fair center.

Availability is based on the halls, entrances and atrium areas that are being used for the event in question. Bandwidth is up to 1.5 Mbit / sec. and the download volume is limited to 75 MB per user per day.

The reception quality and signal availability depends on structures, exhibits and other sources of interference in the halls and can not be guaranteed.

How it works:

- Switch on the WiFi function on your terminal device.
- Search for wireless networks and connect with the **messeWifi** network.
- Start your internet browser.
- Enter any internet address.
- The portal page of the free WiFi will appear on screen.
- Once you have accepted the General Terms and Conditions, you may access the internet.

You only need to register **one time** during the entire event.

If you have any questions while you are on site, visit the Support Counter at the West Entrance.
